1. In regard to paragraph 5b of referenced document we are considerably puzzled by the statement that Subject's denazification has not yet been completed and that he cannot be employed in the police forces before this is accomplished. A letter of 3 February 1947 from ☐ to Fletcher M. Knight states that Subject appeared before the Spruchkammer in Wiesbaden on 28 January 1947 and got off with the lightest sentence: the lowest classification, that of Mitläufer. ☐ continues with the information that "this would be sufficient to incapacitate him in certain parts of Germany, but fortunately not in Greater Hesse. He can take public office and as all his old enemies were removed from office in early January, his chances of receiving a high post in the Kripo are excellent".

2. In view of the above we should appreciate further clarification of Subject's present status.
